Overview: Popular with families and dog walkers, oak tree park is also a favourite of Yeovil running club. The route is a figure of 8, allowing walkers and runners to build up to the full route in stages. It does an anticlockwise lap of the central playing field and then follows a cycle and footpath south towards Stourton Way. It then joins Sutton Grange, Malmesbury Way, before heading back into the park. There's a little loop in Forde Park before it re-enters the park again and this time does a clockwise lap before turning back and heading to finish at the start point.
