

Write a letter to a friend or family member

Gather your pens and thoughts and write your loved ones a letter.

Although you cannot see some of your friends and family at the moment they would still love to hear what you have been up to. So write them a letter explaining all that you have enjoyed during your time at home.

Ask if they are well and you could even ask them what they have enjoyed the most about lock down too. Will you get a letter back?

You can use the space below or another piece of paper to write your letter. Once you have finished your letter ask your parents to send it for you, or give it to them when you are allowed to see them next.

Dear
