

# South Somerset District Council

Freedom of Information Act (2000) & Environmental Information Regulation (2004)

Information Request Reference Number: 470

## RESPONSE

You have asked South Somerset District Council for the following information:-

Please advise the number of pieces of "casework" raised by each councillor with the authority since May 3rd 2019 - as a list with the number of queries each councillor has logged. Please include all queries officially logged by each councillor - whether on behalf of a resident or where the councillor has raised the query on his or her own account.

**We do not kept records of the pieces of casework raised by each elected member, as this is done in a number of ways (telephone calls, meetings, emails etc). We are at present rolling out a new system that will capture this information digitally to help us better understand the nature and levels of casework for each member but this is not yet in place.**

Please review the information on our website regarding the [re-use of Public Sector Information](#).
