

Re Proposed housing development (70-78 properties)  
@ Manor Farm, Templecombe

1. When was site designated "brownfield"?
2. What were reasons for designation?
3. I believe there were several applications over the years to build on this site. When were these and on what grounds were they rejected?
4. Has anything changed at the site which could affect eligibility for Planning Permission?
5. What is timescale for the latest application?
