Ref. 80 houses proposed for Manor Farm, Templecombe

.....
Ref.no; 19/03416/OUT
.....

Dear Sir/ Madam,

I understand from a friend in Templecombe that there is a proposal to build 80 more houses in what was the old Templar Preceptory in Manor Fields I believe it's called?

Apparently there are currently 80 houses somewhere else in Templecombe that haven't been as yet, sold? And 20 more proposed along Bowden House Rd? Are you being subsidised or something? Why so many and not even having sold the others?

I am writing to say that as the area you are considering building a horrendous amount of houses on is old Templar Preceptory land and had the Time Team there some years back it should be left as it is because I understand it is a Green Field area? Carbon footprint before profit I should think?!

I was horrified when told about this it will not go down well in Templecombe that's for sure. Especially when the last batch are not selling!

Yours sincerely,

A thick, dark blue ink signature that is mostly horizontal with a slight upward curve at the end.

Jacqui Roberts.
