Ref: Planning Application 19/03416/OUT  
Amended plans.

Dear David Kenyon

I have already sent in my views about the development of Manor Farm. I am not going to go through them all again. They are online for anyone to read.

This is just to say that I am not convinced at all by your revised plan. The removal of a few houses to satisfy Historic England's need for a good view of the Manor House, makes no difference to my opinion that this housing development is far too large for Templecombe. Causing the same problems already stated.

And the access to the proposed development is still as dangerous.

I am in total agreement with the comments made by my neighbours.

Yours sincerely

Valerie Singleton
