**RE: APPLICATION NO: 19/03416/OUT – DEVELOPMENT OF LAND AT MANOR FARM, COMBE HILL, TEMPLECOMBE SOMERSET – AMENDED PLANS**

Dear Mr Kenyon,

I am writing to confirm that, following submission of the amended plans, all of our objections to the subject planning application as submitted in our letter dated 27 January 2020 remain extant.

The amended plans do nothing to address the real-life issues presented by this proposed development, principally associated with traffic congestion, dangerous vehicular access and the pretence of encouraging safe pedestrian usage. The application continues to be built on misinformation that seeks to portray Templecombe as something other than the rural settlement which it so plainly is.

I ask that you see through the misrepresentation of fact as it is presented in this amended planning application and recognise this proposed development for what it is; ill-conceived, inappropriate, unwanted and unnecessary. This application must be rejected accordingly.

Yours Sincerely,

*<Signed on Original>*
