To whom it may concern,

Just thought I would drop you a line regarding the removal of cars from Ilminster Town Centre. I think this is a terrible idea and will be a nail in the coffin for any businesses that are still struggling to exist. If we lose all the shops what will take their place? The whole feel of the town will be lost and that will just have a negative effect on everything else.

On top of that, for people who have to travel in, from the surrounding villages, it will mean having to travel further in order to get necessities such as food and medical supplies. Given how busy the nearby routes are now this will be horrendous.

I agree that things need to change in order to improve but I can't see how this will benefit anyone.

Thank you for your time.

Regards
