2. Please outline your comments below (continue on an additional sheet if necessary)

There is no shared vision for the future of Ilminster because of the serious lack of consultation with the community. We were not kept up to date or engaged during the plan's progress.
The plan does not meet does not meet the basic conditions required in the NP regulations.
Aspirations for the plan not properly supported by evidence to meet regulations.
Important documents were not properly adopted
Mistakes appeared in the submitted plan and in associated documents.
Flooding not properly considered.
District Council did not consider sites correctly.

3. What Changes would you suggest should be made to the Plan?

The residents of Ilminster should have the ability to influence where the development should take place and the number of houses. The areas of development should be back on there for residents and local people to decide.
