Ilminster Neighbourhood plan Reg 16

2. Please outline your comments below (continue on an additional sheet if necessary)

I am opposed to Ilminster Neighbourhood Plan following the removal of all sites after Reg14 consultation .

The plan should not go to Referendum unless it has been revised to include development sites following proper consultation with the community, taking into account the aim to provide residents the opportunity to influence development sites and the number of dwellings.

There is no shared vision for the future of Ilminster because of serious lack of consultation and the community not being kept up to date or properly engaged during the Plan's progress.

While the town council failed to put forward the views of residents expressed in its neighbourhood plan, ~~yes~~ these views should not be disregarded. Brainfield land must surely be prioritised for development and Sludrick Valley should be protected or its beauty and enjoyment will be lost forever.

3. What Changes would you suggest should be made to the Plan?

Development sites should be re-instated based on the response made by the community during Reg 14 consultation.

This is important so that ~~the~~ the community actually has a proper say that is representative of their views. Not doing so would feel undemocratic and mean that the community's views will not have been ~~represented~~ properly engaged.
